# INTRODUCTION AND GENERAL INDEX

-----

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Sanford City Directory since 1950), present to subscribers and the general public, this, the 1959 edition of the Sanford City Directory, which also includes Jonesboro Heights and the rural routes emanating from the Sanford Post Office.

Confidence in the growth of Sanford's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sanford to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sanford Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Sanford, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sanford and Jonesboro Heights and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

509 Carthage Street Phone SPRing 3-1711

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

V. THE SANFORD RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sanford and vicinity.

#### **The Sanford Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Sanford City Directory, a Directory Library is maintained in the offices of the Sanford Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

#### Location

Sanford is located at the edge of the Piedmont, in the healthful pine belt, 46 miles southwest of Raleigh, N. C. It is in the center of the state and is surrounded by a large, rich agricultural area. Its location is partly responsible for its steady growth.

#### Population

Census reports show the steady growth of the city from 236 in 1880 to more than 10,000 in 1950. Jonesboro now is an integral part of Sanford and

is designated as Jonesboro Heights. The genuinely friendly attitude of the citizens pleases visitors so much that many become residents because they like it here.

Sanford Tobacco Company Redrying Plant—In the Foreground is the Lee County Court House and Top Left of Center is Saco-Lowell Shops

Cornell-Dubilier Electric Corp.

### Industry

Sanford's residents find employment in manufacturing merchandising and distribution. Industry is well-balanced and varied. The city has over 50 plants employing approximately 5,500 people, manufacturing a wide variety of products. These include lumber and lumber products, veneer,

furniture, cabinets, brick, tile, pottery, tobacco curers, portable sawmills, textile machinery, hosiery, cotton sheeting and baggins, industrial grease and meat meal, insecticides, tobacco re-drying, corn meal (also self-rising corn meal), stock feed, dog food, flour, fertilizer, meat products, sheet metal products, bakery products, lingerie, work and play clothing, ice, ice cream, soft drinks, frozen foods, electronic equipment and cosmetics. Wholesale grocery and fruit, wholesale candy, wholesale florists and bottling plants make Sanford an important distribution point. The Sanford tobacco market is an important growth factor.

Lee County Brick

---

### Housing

Building goes on all the time. New residents come in constantly. Living costs are reasonable. Food is produced in abundance, and local markets afford a bountiful supply of poultry, dairy products, meats, fruit and vegetables.

### Recreation

The municipal swimming pool, municipal golf course and club-house, ball park, two modern athletic fields, school playgrounds and nearby camps give the people a variety of recreation. There is fishing for those who like it. The City maintains the recreation department, staffed by paid employees who are always ready to lend a hand. Five modern movie houses and three drive-in theatres offer highclass entertainment the year round.

### Churches

Sanford has every major religious denomination represented, among them being Presbyterian, Baptist, Methodist, Christian, Catholic, Holiness, Christian Science, Church of God, Lutheran and Episcopal. The surrounding rural area has many fine places of worship.

### Education

There are seven public schools in Sanford—five white and one Negro. Among these are two high schools holding membership in the Southern Association of Colleges and Secondary Schools—Sanford High School, for white students, and the Lee County Training School, for Negroes. Graduates of these two high schools are admitted to the college or university of their choice anywhere in the U. S. without being required to take the college entrance examinations. The elementary schools in the city have earned the ratings of 1 with the accrediting agencies, and are generally considered to be among the best in North Carolina. Sanford City schools are guided by a definite philosophy of education which is both sound and workable. Its aim is to develop the whole child, his mind, his body, his attitudes, his personality. School authorities from other states have made inquiries as to Sanford's human relations program for students, perhaps the first school system in North Carolina to offer this type of program. Guided by the members of the Board of Trustees, who are serving because they are interested in developing Sanford's future citizens, Plans are developing for a modern senior high school plant for Greater Sanford on a beautiful site of 28 acres on the outer fringes of the city. This school plant is a campus-type with one-story units and is one of the finest high school plants in North Carolina, perhaps the first to develop the campus-type high school.

### Climate

Sanford's climate is a big asset to manufacturing and agriculture. It permits uninterrupted production throughout the year, thereby lowering operating costs. Winters are short. Summers are long and warm, but not oppressive. Precipitation in 1951 was 51.07 inches. Mean annual temperature, 59.8 degrees F. Altitude, 370 feet.

### Rail Service

Sanford is a rail center, having five railroads. The Seaboard Air Line Railroad is a main line affording north and south transportation. The city has direct connections with the Atlantic Coast Line at Fayetteville. The Southern connects with its main line at Greensboro. The Atlantic & Western runs from Sanford to Lillington, where it makes a connection with the Norfolk-Southern. The Norfolk-Southern runs across Lee County, connecting with the Seaboard Air Line and Atlantic & Yadkin, but does not touch Sanford. These railroads offer the best in freight and passenger transportation to all points of the compass. Overnight Pullman service to Jacksonville, Atlanta and New York City.

### Highways

U. S. Highway 1 from Maine to Key West, Fla., offers the best in tourist accommodations and is traveled every month in the year. U. S. Highway 15 runs from Rochester, N. Y., to Savannah, Ga., through rich agriculture areas and large industrial cities. U. S. Highway 421 runs from Michigan City, Ind., across the Piedmont and coastal plains to Wilmington, N. C. U. S. Highway 501 from Lexington, Va., to Myrtle Beach, S. C., gives Sanford an excellent location as far as tourist traffic is concerned. Is it any wonder that people say, "All roads lead through Sanford?"

### Bus Lines

Local buses afford transportation in the city.

The Sanford Bus Station is well located outside the business section on a lot of ample size to handle all traffic. The Queen City Coach Co. and the Carolina Coach Co. afford bus service on regular schedules to all points in the state. These bus companies are members of the National Trailways Bus System.

#### Sanford as a Trading Center

Sanford has a large trading area because of its location. There are no large cities nearby. Surrounded by a rich agricultural region and timberland, it offers the farmers markets for their products and supplies for their families, homes, farms and sawmills. It has a balanced and diversified industrial life. The more than 50 manufacturing plants afford a great variety of places for the residents to work. Agricultural crops include to-

bacco, cotton and corn. There has been a gratifying increase of live stock of all kinds on the farms. The tobacco market is among the best in the state as far as prices are concerned. The stores are equal to the best—as visitors know.

### Civic Clubs

The civic life of the community is represented by numerous strong, thriving, progressive organizations. Among them are Rotary, Kiwanis, Lions, Exchange, Civitan, Pilot, Sanford Woman's Club, Business & Professional Women's Club, Masonic Order, Eastern Star, Elks Club, Moose Lodge, Junior Order, Knights of Pythias, Modern Woodmen of America, Junior Chamber of Commerce, Junior Woman's Club, United Daughters of the Confederacy, Sanford Music Club, 40 & 8, Veterans of Foreign Wars, Veterans of Foreign Wars Auxiliary, Lee Post No. 18 American Legion, and American Legion Auxiliary. These render civic, fraternal, patriotic and social service.

### The Sanford Chamber of Commerce

The membership of the Sanford Chamber of Commerce is made up of the business and professional men of the community, who not only are interested in the work, but also enter actively into the problems and tasks confronting the Chamber.

The influence of this body has been largely responsible for the many developments in the city, and in every progressive movement the Chamber of Commerce uses its agencies and influence for the best interests of the community. The Chamber of Commerce also serves as a clearing house and general bureau of information, and as a license bureau for the sale of automobile license plates.

The management of the Chamber is in the hands of a board of directors, who employ a full-time manager and a secretary and maintain offices at 140 N. Steele St.

## AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

**T** Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## Please! Do Not Lend Your CITY DIRECTORY

### IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

# CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Jefferson Standard, now guaranteeing 2½% on policies currently issued, has never paid less than 4% interest on policy proceeds and dividend accumulations left on deposit with the Company.

4% is the highest rate of interest paid by any major life insurance company. The 4% interest payment results in greatly increased income dollars to the policyholder or beneficiary. Let us show you why "JEFFERSON STANDARD POLICY DOLLARS ARE LARGER."

Do your employers  
furnish you with the  
latest edition of the  
City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

## JONES KELLY BUILDER — REAL ESTATE

Cole Bldg., 234 Carthage St.

Tel. SPring 3-3521

**Home Loans** — tailor-made to your individual need. Experienced officers always available to help you work out a plan that makes home buying a pleasure instead of a headache.

## TRUST SERVICES

**Car Loans**—new and used cars financed at low bank rates. Insurance through your own agent may be included in monthly installments. No 'hidden' charges —no carrying charges.

**Bank-by-Mail** — time - saving service makes it easy to deposit money in checking and savings accounts, or payments on loans.

**Christmas Club Account** — primarily for Christmas gifts and holiday spending — but handy also for accumulating funds for insurance and taxes.

**Savings Accounts** — for sunny days as well as rainy days. No safer place for your money than at Midland — where it's always available.

**Home Improvement Loans** — to remodel, repair and otherwise increase the value of your property. Thirty-six months to pay.

How does he spell his name?  
What is his middle initial?  
Is he married? What is his wife's name?  
Where does he live?  
Does he own his home or rent?  
Has he a telephone?  
Who are his neighbors?  
What does he do for a living?  
Where does he work?  
Is he the "head of the house" or a resident?  
Does he own a business? Is he a member or officer?  
Who else is in the same business or profession?  
Is the woman single, married or a widow?

## ABOUT YOUR CITY

What is the city's history?  
What are the latest population figures?  
What is the latest statistical and general civic information?  
What are the leading industries and activities of the city?  
What are the names and locations of the schools?  
What are the churches and where located?  
Who are the pastors of the churches?  
What are the locations of the hospitals, homes and asylums?

## ABOUT A LOCALITY

How is the quickest way to get there?  
Who lives at a given address?  
Is there a telephone at the address or nearby?  
What is the character of the neighborhood?  
Is it a "home-owners" section?  
What is the nearest street corner?  
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?  
Where are the public and office buildings?  
If it is a business location, what business?  
If an office building, what firms or professional people are in what rooms?

## ABOUT A BUSINESS CONCERN

What is the nature of the business?  
What is the correct name and address?  
Is it a Proprietorship, Partnership or Corporation?  
Who are the partners, owners, or officers?  
Who else in same or similar lines?

## HILL'S SANFORD

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

# 1959

INCLUDING JONESBORO HEIGHTS

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

## A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

# **When You Want to Know:**

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

# Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

## *If You Cash Checks for Others*

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

## *If You Get Checks Cashed*

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

## Out of Sight--Out of Mind

### ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# A STATEMENT

OF

## ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
